

APD33AU | Targus Laptop Car Charger

The Targus Laptop Car Charger is a 90 watt adapter that allows you to quickly charge a laptop from your car's electrical socket.

Sized for in-car use the adaptor is small enough to leave permanently in place, or to easily store in a glove box or centre console.

The adapter includes 8 connector tips to support Acer, Compaq, Dell, HP, IBM, Lenovo, Sony, Samsung and Toshiba right out of the box.

Convenient: Slim, lightweight laptop charger for use in your car

Compatibility: Compatible with major laptop brands including Acer, Compaq, Dell, HP, IBM, Lenovo, Samsung, Sony and Toshiba. To check your model compatibility consult our [compatibility wizard](#), our handy [iPhone App](#) or call us on AU: 1800 641 645 or NZ: 0800 633 222
